

UX Mense: A Detached Eclipsing Binary as a Benchmark candidate for ESA's PLATO mission

Ganesh Pawar, Krzysztof Helminiak, Ayush Moharana, Tilaksingh Pawar, Nikki Miller, Frédéric Marcadon

- ❖ UX Men has been observed from TESS in **31 sectors** (1-69).
- ❖ Two light curve modelling codes were used **ALLESFITTER** and **JKTEBOP**.
- ❖ Residuals from the LC modelling are at **0.03%**.
- ❖ Radial velocity models with V2FIT gave us a precision of **0.12 %** and **0.14 %** for primary and secondary.
